Supermikes convenience Store

To who it may concern:

I have been the owner of a busy convenience store in Halifax Nova Scotia for over the pass 20 years. Around one year ago I decided to have Monex become my POS ervice provider. I would like to take the time to thank our Monex representative, Mr. Barry Arnold for the excellent customer service I received from him over the pass year. I have received a great product from Monex and over this period have also received great support. In a day when cost are forever increasing Barry, along with Monex has also SAVED me money!

The system they have provided me is so much faster then my old service and equipment. My customers are very pleased with the great speed that it provides and I in turn am happy with shorter line-ups.

Thank again for the service Barry.

Yours Truly,

A handwritten signature in blue ink, appearing to read "T. E. Church". The signature is fluid and cursive, with a long horizontal stroke at the beginning.
